

Oral traditions keep our heritage and culture alive, as well as teach life lessons. Venture into a world where animals talk. Hear the tale of Bre'er Rabbit and how he outwits the king of the jungle, or the story of L'il Brown Squirrel and his transformation into a chipmunk.

Ms. Richardson makes learning a pleasure as she instructs her audiences, both young and old, through fascinating stories, along with props and hands-on activities.

Please contact me for fees and booking information.
